

HAPPY Easter

From the Deaf Unit to YOU

Glory be to the Lord! Despite a tough beginning this year and all the struggles that we faced, we have placed our faith in Him, just as the disciples did long ago, and we have witnessed the transforming power of Jesus in our school. He bears all our iniquities, and the Lord provides all our needs.

To all our beloved sisters and brothers: CHRIST IS RISEN, HE IS RISEN INDEED

Easter comes at such a hopeful time of year, and that optimism is a great feeling to share our newsletter with YOU

HAPPY EASTER

EASTER NEWSLETTER

We are privileged to have had wonderful partnerships with different organizations including the ASNET which was kind enough to donate some of the kitchen equipment, new printer, fire extinguishers, some fresh food, sponsored 14 deaf children, and organized a party to make the children very happy. 14 children of the Deaf Unit were sponsored by some ASNET members for the school year 2021/2022. The sponsorship covers educational materials, trips, summer schools, food bags and workshops. The Deaf Unit is really grateful for ASNET and its members for the support. We have enjoyed a long and significant partnership with ASNET.

This year the Deaf Unit is very grateful to have participated in Mother's Day bazaars in Maadi and Zamalek to present all the Deaf Unit's hand-made products made by our deaf children, youth, and women. It was very encouraging for us to see impressed faces of buyers and viewers at the bazaars when they saw the products and heard about the stories of the beautiful products.

The Deaf Unit is really grateful to start a new big project with the embassy of Japan which is the renovation of the Deaf Unit building project. The building has been built in the 1940s by the English occupation. Being built in the 1940s, the building needs to be renovated in multiple areas to stay safe for our children and community. This project aims to renovate the Deaf Unit building aiming to increase its efficiency through providing a safe environment for learning and creativity, starting with renovating the old building and the utilities. It is a big project happening at the Deaf Unit

We were very blessed by a visit from Sahara international School. The day started with a sign language lesson. Their children had organized some interesting games, such as, drawing, football and coloring at our playground for our children. They explained the games by using common body language and then we all played together. The day was especially useful for deaf children to develop friendship with others and to be more confident. All children enjoyed the day so much and looked forward to see them next year. The children felt that day that God support us morally with the love of the other people

The Deaf Unit arranged a trip to Africa Safari Park, it is an open zoo close to Alexandria. The children were very excited to see the variety of animals roaming freely, and it was fantastic! They loved walking around and seeing, playing with, petting, and feeding the animals. All the children were excited about the trip and want to repeat it every year. We thank God for protecting us all day long

Prayer Requests

- To the new project with the embassy of Japan which is renovation the building
- To find sponsor for all the children to be able to continue their studies

For Sponsoring
